NEWSLETTER

Term 1 2023 Edition

Welcome

To the new edition of our newsletter here at UME we're having an exciting 2023. We have some amazing programs that we're currently working on in the City of Charles Sturt, City of Port Adelaide Enfield Area, City of Playford and are looking at local government area partners!

Our current programs that we're running are:

- Thursday Inclusive Music Drop-in Program
- 1-on-1 Mentoring
- NDIS Programs across Adelaide

Recently our facilitator Larzbar has taken on her own clients as well as furthering her career as a DJ with the aid of the UME Team. Larzbar is a great example of a young person coming up through one of the various programs to becoming one of the core team just as our very own Taylaa has done before her. Both are residents of the City of Port Adelaide and Enfield and are examples of our partnership with the council
